POWERVAR Names Shawn Weber as National Service Manager

Waukegan, IL (September 26, 2007) – POWERVAR, Inc. announces the appointment of industry veteran Shawn Weber to the position of National Service Manager. Weber has over 16 years of experience in the power quality industry including positions with industry leaders such as MGE, Square D, and Mitsubishi Electric. Weber will be responsible for all matters relating to service department operations including technical support, RMA, on-site and depot repair, and administration of service agreements.

POWERVAR is a global provider of power management systems, headquartered in Waukegan, Illinois, with international sales and distribution offices in Swindon, United Kingdom and Paderborn, Germany. The company's primary products include transformer-based power conditioners and uninterruptible power supplies (UPS). All POWERVAR products are in full compliance with the European Union's WEEE and RoHS directives. The company is ISO 9001:2000 registered and continues to lead the industry by creating higher standards for power quality to support increased technology in business, government and nonprofit sectors.

More information about POWERVAR and its product line can be found at www.powervar.com.
